

THE FREEDOM & CULTURE BICYCLE COOPERATIVE

The FCBC is our vision for manufacturing bicycles on the Westside of Chicago, in an effort to combat the generational cycle of poverty by creating living wage jobs and skill-building opportunities to young adults.

We will manufacture beautifully designed, well built, and premium priced bicycles in North Lawndale, working with community members who would be worker-owners of the cooperative, and would share collectively in the profits.

EQUITICITY
POWER + EQUITY >
